

Can your business afford a \$25,000 fine??

Employee vs. Contractor

Sometimes it is easier for a small business to 1099 or contract out all or part of their workforce. This program will highlight the areas in which the U.S. Department of Labor and state courts are seeing in this highly litigious time. The U.S. DOL plans on auditing every business in the U.S. over the next 3 years.

It will focus mainly on the Employee/Contractor relationship and the changes and how it affects the small and medium business owner.

**The Federal
Government is cracking
down on these violators.
You don't want to be
their next target!**
